

From the *Human Security Report 2005*

Figure 1.18 How many people experience violence?

"In the past five years, have YOU personally been attacked or threatened in a way that was violent?"

"In the past five years, has anyone in your household — NOT including yourself — been attacked or threatened in a way that was violent?"

■ No
■ Yes
■ Don't know/Not sure

Source: Human Security Centre, 2005

Just 11% of respondents reported that they had been a victim of violence in the previous five years. 12% reported that some in their household had been attacked or threatened.
