

Figures for the *Human Security Report 2012*

Figure 8.1 Global Trends in Campaigns of One-Sided Violence, 1989–2009

Data Source: UCDP/HSRP Dataset.

Campaigns of one-sided violence peaked in the early 2000s, with the largest increase seen in the DRC. In 2009 four of 19 campaigns took place in the DRC, though all regions except Europe were affected.
